

Product Safety Information

Dump truck 4701, 250 l

Manufacturer/Responsible Person: fetra Fechtel Transportgeräte GmbH, Industriestraße 17-21, 33829 Borgholzhausen, Deutschland
E-Mail: info@fetra.de

Please note the technical data of the products!

Article Numbers: 309081, 309080, 309073, 309072

Safety Instructions:

- Caution when tilting: The tilting process is triggered manually, so make sure that there are no people in the danger zone; handle with care to avoid injury.
- Avoid overloading: Observe the maximum load capacity of 750 kg to prevent damage or accidents.
- Safe handling of heavy loads: For heavy loads, we recommend using a tipping container or stacking tipper; observe safety precautions when emptying.
- Risk of injury from moving parts: Make sure that body parts do not get caught in the movement area when tilting.
- Park rolling dumpers safely: Always apply the central brake on uneven surfaces to prevent rolling away.
- Before use, ensure that the skip is correctly reorganised to prevent it from tipping over during use.
- Avoid use in steep or uneven areas to minimise the risk of tipping.
- Wear protective clothing to avoid injury when handling heavy loads.
- Risk of suffocation due to improper handling of the drain tap.
- Prevention of crushing by mechanical parts during operation.
- Risk of injury if the product is operated incorrectly.
