Safety Instructions:

- Caution: Appliances with high power (max. 3600 watts) can be dangerous if not used properly.
- Please ensure that the machine is operated on a stable, level surface to prevent it from tipping over.
- Using the appliance in a damp environment may present a risk of electric shock. Before cleaning in wet areas, check the suitability of the appliance for this purpose.
- Risk of suffocation from suction hoses - keep away from children.
- Additional safety equipment such as a safety switch should be used to prevent accidents.
- The machines are intended for professional use only and should be used by trained personnel.
