Safety Instructions:

- Ensure that the table is placed on a stable, level surface to prevent tipping or wobbling.
- Avoid contact with sharp objects to prevent scratches on the table surface.
- The table is not suitable for outdoor use.
- Make sure that children cannot play with the table connection panels to avoid the risk of electric shock.
- Only use the table for its intended purpose in order to avoid damage.
- Secure the work area: Remove all objects that could present a tripping hazard.
- Do not overload the desktop connection panel and do not connect too many devices at the same time.
- Regularly check the stability of the table frame and look out for possible damage or loosening.
- Keep small parts and tools away from children to avoid the risk of suffocation.
- Ensure that the table is properly assembled and that all screws are tight.
- Ensure that the table connections and all electrical components are properly installed to avoid electrical hazards.
- When attaching or moving the table, consult a second person to avoid injury.
- Watch out for sharp edges and corners that could cause injury.
- Keep liquids away from electrical connections to avoid short circuits.
- Only use the desktop connection panel with compatible devices.
- Adjust the feet of the table to ensure a stable base.
- Please only use the recommended cleaning agents so as not to damage the surfaces.
- Children should be supervised near the table to avoid the risk of falling and injury.
