Safety Instructions:

- Ensure that the table is placed on a stable and level surface to prevent it from wobbling or tipping over. The levelling screws should be set correctly and checked regularly to ensure stability.
- Before use, ensure that the table is stable and properly assembled. Always use the tools and parts included in the scope of delivery for assembly and follow the manufacturer's instructions carefully.
- Avoid overloading the table beyond the recommended maximum load capacity to prevent damage and injury.
- In the event of a defect or damage, discontinue use and take immediate repair measures. Contact the manufacturer if necessary.
- Clean the table surface regularly with a soft, damp cloth and a mild detergent to prevent damage. To protect the coating and materials, do not use any aggressive chemical or abrasive cleaning agents.
- Take care to keep sharp objects away from the table surface to prevent scratches or damage.
- The product is intended for indoor use only. Avoid direct sunlight, extreme temperatures and proximity to heat sources to protect the material.
- Make sure that all screw connections are regularly checked and tightened to ensure stability.
- The product is designed for use by adults; supervision of children is required. Not suitable for children under 3 years of age due to small parts and choking hazard.
- Take care to avoid injury from sharp edges during installation.
