Safety Instructions:

- Protect your fingers from being crushed when assembling the table.
- Make sure that the table is placed on a stable and level surface to prevent it from tipping over or wobbling.
- Avoid placing heavy objects on the tabletop that exceed the maximum load capacity to prevent damage.
- The table top is not suitable for contact with water; avoid direct moisture and very humid environments.
- Keep children away from assembly steps to avoid injury. Children should not climb onto the table or play on it.
- When assembling, ensure that all parts are correctly and firmly connected and use the correct tools to ensure stability and safety.
- Regularly check for wear and stability, especially of the legs and connections of the table.
- The product is not intended for outdoor use as it is not weatherproof.
- To avoid falls, do not use the table as a standing or climbing platform. Do not stand or sit on the table top.
- Avoid chemicals and aggressive cleaning agents so as not to damage the surface coating.
- Keep the table away from sources of fire and heat to prevent fire or material damage.
- Follow the assembly instructions carefully to ensure a safe and stable construction.
- Not suitable for children under 3 years of age as small parts may be included.
- Take care not to use sharp objects on the surface of the table to avoid scratches.
- Regular inspection of the table for safety and structural integrity.
