Safety Instructions:

- Ensure that the table is stable on a level surface to prevent it from tipping and falling over.
- The table must only be assembled by qualified persons and instructions must be followed carefully to ensure safety and stability.
- Do not overload the table or use it as a ladder to avoid breakage and instability.
- Avoid contact with water, excessive moisture and hot objects to prevent surface damage.
- Use edge protection for sharp corners to minimise the risk of injury.
- Protect the surface from sharp objects and abrasive cleaning agents to avoid scratches and damage.
- The table is not suitable for outdoor use and should be kept away from naked flames.
- Make sure that small objects are not placed near the edges of the table to prevent falls.
- The table is intended for use in offices and is not suitable for children under 3 years of age.
