Safety Instructions:

- Slight risk of injury due to sharp edges on the table tops or frame. Ensure that these do not have any sharp edges during use.
- Risk of crushing due to improper assembly or handling. For assembly, all parts should be checked and the instructions carefully followed.
- Not suitable for children under 3 years of age as it may contain small parts. The product should be kept out of the reach of children.
- To ensure that the product is stable, check all fixings regularly. Ensure that the table is securely mounted to avoid the risk of tipping over.
- Use a floor protection mat to avoid scratches on the floor.
- Adjust the adjustable feet to ensure stability on uneven floors. Using the table on uneven surfaces could lead to stability problems.
- Do not exceed the maximum load on the table to avoid breakage or instability. Avoid heavy or excessive loads on the table top.
- Only connect electrical devices such as notebooks in the designated connection panel. When using electrical connections, ensure that the safety regulations are observed.
- The table is intended for indoor use; do not use it outdoors to avoid material wear and damage.
- Take care when using electrical connections to prevent electric shocks. Only use the table connection in accordance with the instructions.
- During assembly, all parts should be checked to ensure that they are tight and secure.
- Ensure that the table is placed on a stable, level surface to prevent it from tipping over. Make sure that the table is stable, especially after using adjusting screws.
- Use protective materials to prevent injuries and to avoid scratching the table surface.
- Clean the surface with a suitable material and check regularly for damage to ensure safety.
- Safety information must be presented in easily understandable language.
- Avoid overloading the desktop connection panel with too many electrical devices. The desktop connection panel may only be serviced by qualified personnel.
- Keep small objects away to avoid the risk of strangulation.
- The product should only be used for its intended purpose and kept out of the reach of children.
