Safety Instructions:

- Ensure that the table is stable and on a level surface to prevent it from tipping over.
- Avoid jumping or standing on the table top and ensure that it is securely loaded to prevent damage.
- Keep the table away from heat sources and direct sunlight to avoid deformation and discolouration.
- Use suitable cleaning agents for melamine resin-coated surfaces and avoid harsh or abrasive agents to prevent damage.
- Follow the enclosed instructions carefully during assembly and ensure that all parts are tightened.
- Do not attempt to build or modify the table yourself.
- Regularly check the stability, fixings and table top for damage or loose parts.
- Avoid contact of the table surface with sharp objects and aggressive chemicals.
- Ensure that small parts and sharp edges are kept away from children to avoid the risk of suffocation and injury.
- Consider expert installation by qualified personnel to ensure safety.
- Use furniture glides to avoid scratches on the floor.
- When installing, ensure that clear and comprehensible instructions are available in a suitable language.
- The product is not suitable for use by children.
