Safety Instructions:

- Make sure that the table top fulfils the material safety requirements.
- Avoid contact with water or other liquids to prevent damage.
- Ensure that all installation steps are followed in accordance with the enclosed instructions to avoid incorrect installation.
- Check the stability of the table regularly and tighten the screws if necessary.
- Ensure that all parts are securely mounted to avoid the risk of tipping.
- Avoid excessive load on the table top; observe the maximum load capacity.
- Make sure that no sharp objects are used on the table surface to prevent scratches and damage.
- Only use the table for its intended purpose to avoid damage and accidents.
- Check the levelling screws regularly to ensure stability.
- Keep the table away from moisture and direct heat sources to avoid deformation of the material.
- Avoid using strong chemical cleaning agents to protect the surface.
- Children should not play unsupervised near the table to avoid injury.
- Make sure that the table is set up securely to prevent it from tipping over.
- Make sure that the table is placed on level ground to ensure stability and safety.
- Have the installation carried out by a qualified person to ensure correct stability.
- Secure the table when not in use to prevent it from tipping or slipping.
- Only use mild cleaning agents for cleaning so as not to damage the surface coating.
- Avoid using the table as a climbing aid or ladder.
