Article Numbers: 142687, 142686

Safety Instructions:

- Make sure to adjust the seat height to the table height to avoid back problems.
- The chair may tip or fall over if used incorrectly, especially if the settings are not adjusted correctly.
- Avoid excessive pressure on the armrests to prevent damage or injury. Height-adjustable armrests should be used with caution.
- The office chair is suitable for people weighing up to 110 kg. Make sure that the maximum load of 110 kg is not exceeded.
- The maximum recommended sitting time is 8 hours. Sitting for longer periods can pose health risks.
- After installation, the product should be checked for stability. Incorrect assembly can impair safety. Therefore, follow the assembly instructions carefully.
- The office chair should be checked regularly for functionality and safety.
