Safety Instructions:

- Secure the cabinet to the wall to prevent it from tipping over and to avoid injury.
- Distribute heavy objects evenly on the floors to prevent overloading.
- Always keep the safety cylinder lock locked to prevent unauthorised access.
- Do not use the cabinet in excessively damp conditions or with aggressive chemicals to prevent material damage.
- Children should never be left unattended near the cabinet to avoid injury.
- Do not overload the product to prevent it from tipping over and causing damage.
- Only install the cabinet on stable, level surfaces to prevent it from tipping over.
- Maximum load per shelf: Do not exceed 50 kg.
- Carry out regular checks for damage or wear to ensure safety.
- Close the hinged doors carefully to avoid injury.
- Always keep doors completely closed to avoid injury.
- Not suitable for children under 3 years of age as small parts pose a choking hazard.
- Suitable for indoor use only.
- Follow the installation instructions and safety precautions carefully.
- Wear suitable personal protective equipment when installing and using the cabinet.
