Safety Instructions:

- Do not overload the cupboard: observe the maximum weight per shelf (50 kg).
- Place the cabinet on a stable, level surface to prevent it from tipping over or wobbling.
- Keep out of reach of children and not intended for use by children.
- Before use, ensure that the safety cylinder lock is working to prevent unauthorised access.
- Follow the required installation instructions to ensure the safety of the cabinet and that all parts are installed correctly.
- If there are signs of damage, do not use the cabinet and contact the manufacturer.
- Only use the cabinet in dry indoor areas, avoid moisture.
- Avoid storing hazardous materials or chemicals in the cupboard.
- Take care when transporting the cabinet to avoid injury due to improper handling.
- Avoid direct sunlight and maintain normal temperatures to prevent material damage.
- Avoid sharp objects that could damage the powder-coated surface.
