Article Numbers: 403161, 403169, 403162, 403165, 403167, 403166

Safety Instructions:

- Maximum load capacity of the shelves is 50 kg, avoid overloading to prevent damage.
- Cabinet weight of 186 kg requires suitable aids or several people for transport and assembly.
- Use the security cylinder lock to secure the contents to prevent unauthorised access.
- Avoid injuries caused by improper use of the double doors; always close and lock the door.
- We recommend mounting on a stable, level surface to prevent tipping.
- Store small parts during assembly to avoid the risk of choking.
- Regularly check the screws and connections for tightness.
- Do not expose the product to corrosive substances and extreme temperatures.
- Keep the cabinet away from sources of fire to minimise the risk of fire.
- When handling heavy or sharp objects, use the correct lifting technique to minimise the risk of injury.
- Observe safety regulations for metal furniture.
