Article Numbers: 403159, 403157, 403156, 403155, 403152, 403151

Safety Instructions:

- Ensure that the cabinet is properly installed and secured to prevent it from tipping over.
- We recommend storing heavy objects on the lower shelves to increase stability. Max. Do not exceed a maximum load of 50 kg per shelf.
- Not suitable for children under 3 years of age due to choking hazard from small parts. Do not use the cabinet as a toy.
- Use of the cabinet requires a stable position on a level surface to avoid the risk of falling.
- Ensure that the hinged doors close properly and do not jam to avoid injury. Be careful when closing the doors.
- Check door locks regularly for proper function and lock key elements correctly to prevent unauthorised access.
- Note maximum load per shelf: 50 kg.
- Watch out for sharp edges due to steel and pad if necessary.
- Do not close the doors with excessive force to avoid damaging the rubber buffers.
- Only use the product for its intended purpose (do not use as seating or similar).
- Insert the open-fronted storage bins correctly to prevent them from falling out or slipping.
