Safety Instructions:

- Provide safety information and instructions in understandable language.
- Ensure that all parts are correctly fitted before use.
- Do not exceed the maximum load to ensure stability.
- Regularly check the rollers for wear and functionality.
- Take care when transporting heavy loads to avoid injury.
- Ensure that the transport trolley is properly maintained to prevent loss of stability.
- Ensure that the surface on which the transport trolley is moved is level and stable.
- Activate the parking brake before loading and unloading to prevent the vehicle from rolling away.
- Users should be trained to operate the appliance safely and avoid accidents.
