Safety Instructions:

- Safety instructions must be observed in order to avoid injuries caused by handling electrical components.
- The product may only be used in accordance with its intended use in order to avoid hazards.
- The work surface can be adjusted in height; make sure that there are no objects in the way to avoid crushing.
- Ensure that the electrical connections are made safely and correctly to avoid the risk of electric shock.
- Do not exceed the load capacity of 200 kg to prevent the table from tipping over or breaking.
- Avoid use in damp conditions to minimise electrical hazards.
