Safety Instructions:

- Before use, ensure that there is no risk of injury during transport or use due to improper use.
- The stretcher should only be used by trained personnel in order to avoid injuries.
- Always secure the patient with the straps provided to prevent them from slipping or falling.
- The load capacity of the stretcher must not exceed the permissible weight limit in order to avoid structural damage.
- Check regularly for wear and damage, especially with foldable designs, to minimise safety risks.
