Safety Instructions:

- Risk of suffocation due to improper assembly of the parts.
- Ensure that the table is placed on a stable and level surface to prevent it from wobbling and tipping over.
- Note on the maximum weight capacity of the desk to prevent overloading and avoid excessive strain from heavy objects.
- Beware of sharp edges of the ABS edges in case of improper handling, even if they are rounded.
- When adjusting the height, make sure that no parts of the body can become trapped and ensure that the mechanism is working properly.
- Check the screws regularly for tightness to prevent the desk from wobbling.
- Make sure that the desk is inaccessible to children and that the product is not suitable for children under 3 years of age.
- Only use the desk for its intended purpose and avoid improper use.
- Make sure that there are no objects under the table to avoid the risk of tripping.
- The height of the desk is adjustable (720 - 820 mm) to prevent injuries caused by incorrect height adjustment.
