E-Mail: info@lindner-fahrrad.de

Please note the technical data of the products!

Article Number: 309124

Safety Instructions:

- Make sure that the carrier is properly mounted to prevent it from slipping or failing under load.
- Avoid exceeding the maximum load of 25 kg to ensure safety and stability.
- The carrier is not suitable for transporting people. Only use for luggage and non-motorised loads.
- Only use the product for its intended purpose and observe the general safety measures for bicycles.
- Using the carrier in poor weather conditions (e.g. icy roads, heavy rain) can increase the risk of an accident.
