Safety Instructions:

- Choking hazard due to possible small parts.
- Risk of falling when riding without a helmet. Always wear a suitable helmet and safety equipment.
- Pain or injury due to improper use or incorrect adjustment of the saddle. Make sure that the saddle and handlebars are correctly adjusted to ensure comfortable and safe use.
- Note the maximum permissible payload of 50 kg for the front wheel load carrier. Make sure that this is not exceeded and ensure a secure stand when fully loaded.
- Do not use parts that are not intended for the product in order to avoid accidents.
- Ensure that the bike is serviced regularly to avoid safety defects. Check the brakes and lights regularly before using the bike.
- Only use the bike on paved roads and avoid uneven or slippery surfaces. Take particular care when riding in wet and poor weather conditions.
- Keep the bike out of the reach of children when it is not in use.
- Take care when driving with evenly distributed weight on the load carrier.
- Use non-slip pedals to prevent falls while riding.
- Read all assembly and safety instructions carefully before first use.
