Safety Instructions:

- Ensure that the larder unit is stable and positioned on a level surface to prevent it from tipping over.
- Do not exceed the maximum drawer load of 40 kg to avoid damage.
- Use fully extendable drawers and ensure that there are no obstacles in the way to prevent falls.
- Avoid overloading the drawers to ensure proper functioning.
- Take care when opening and closing the drawers; avoid crushing hazards.
- 2 keys are supplied for the central lock. Keep these safe and out of the reach of children.
- Use plastic glides to protect the floor from scratches.
- Adult supervision required when used by children.
- We recommend using the drawers according to the instructions and with both hands.
- Ensure that all contents are properly stowed and drawers are closed to prevent them from accidentally falling out.
- Use central locking to prevent unauthorised access when not in use.
- Follow the installation and safety instructions carefully to minimise risks.
