Safety Instructions:

- Place the product on a stable, level surface to prevent it from tipping over.
- Observe the maximum drawer load of 40 kg, avoid overloading.
- Fit drawers with pull-out stops, do not block them or leave them open unsecured to avoid injury.
- Close drawers completely to prevent crushing and tipping over.
- Keep children away from using the product to avoid injury, supervision required.
- Use central locking with keys to protect against unauthorised access.
- Check and use plastic glides regularly to protect the floor.
- Not for use by children under 36 months without supervision, choking hazard due to small parts.
- Observe the assembly instructions and safety instructions to ensure stability and safety.
- Keep the working area around the cabinet free of obstacles to prevent falls.
- Before use, ensure correct handling and function of the drawers and report any damage.
