Safety Instructions:

- Take care when opening to avoid trapping fingers (or clothing).
- Maximum load per drawer is 40 kg. Do not overload to prevent tipping and damage.
- Use the central lock to secure drawers and prevent accidental opening.
- Drawers can be pulled out 4/5 of the way. Do not pull out any further to avoid the risk of tipping.
- Keep the cabinet on a stable and level surface to prevent it from tipping over.
- Do not open several drawers at the same time to prevent them from tipping over.
- Keep children away from the cabinet to avoid injury.
- Read the operating instructions and only use the cabinet for its intended purpose.
- Avoid manual force when drawers are difficult to open to prevent damage and injury.
- Stable surfaces and wall fixings prevent the cupboard from tipping over.
- Do not use as a ladder or climb on it to avoid falls.
- Do not store hazardous materials in drawers.
