Safety Instructions:

- The maximum load capacity of the drawers is 40 kg. Do not overload the drawers to prevent damage.
- Ensure that the plan cabinet is placed on stable, level surfaces to prevent it from tipping over.
- Only use the plan cabinet under adult supervision to avoid injury to children.
- Beware of crushing and cutting hazards when opening and closing the drawers.
- Use the centre lock and the pull-out lock properly to ensure safe handling and prevent tipping.
- Keep all safety information and instructions in an accessible place.
- Check the plastic glides regularly to protect the floor.
- Avoid use in damp rooms to prevent damage.
- Safety instructions and operating instructions should always be followed to ensure safe use.
- To avoid accidents, do not use the drawers as a sitting or standing surface.
- Make sure that the area around the plan cabinet is clear to avoid tripping hazards.
- When using the plan cabinet, ensure that it is mechanically stable and that all safety devices function correctly.
