## Safety Instructions:

- Maximum load per drawer is 40 kg to prevent damage or injury.
- Secure the larder unit to prevent it from tipping over, especially when drawers are opened.
- Risk of crushing: Open and close drawers slowly, do not allow children to use them.
- Adults should supervise use by children to prevent injury.
- Avoid overloading the drawers (max. 40 kg) and secure them correctly.
- Place the plan cabinet on a stable and level surface to avoid accidents.
- Use the central lock supplied to secure the drawers and keep keys out of the reach of children.
- Keep the area around the cabinet free of tripping hazards.
- Use plastic glides to protect the floor and avoid sharp objects.
- Regularly monitor the drawer mechanism and the overall condition of the cabinet to ensure safe use.
- Follow the manufacturer's operating instructions for all drawer systems.
