Safety Instructions:

- Mount the monitor arm securely on the wall to avoid the risk of it falling.
- Only use monitors that are within the maximum load capacity of 11.3 kg.
- Ensure that cables are routed properly during installation to avoid tripping hazards.
- Ensure that the monitor arm is set up within the intended range to avoid overexertion.
- Avoid moving the monitor arm above the recommended tilt angle of 75 degrees to prevent damage.
- To avoid injury, use both hands when adjusting the position of the monitor.
