Article Numbers: 134740, 134739, 134738

Safety Instructions:

- Caution: Flammable liquids. Only use in well ventilated areas. Keep the canister away from heat sources, naked flames and direct sunlight.
- Recommended wearing of personal protective equipment (protective gloves and goggles) during handling.
- Check seals and flame arrester for damage before use. Always use suitable seals.
- Always keep the flame arrester in position or insert it when the canister is not in use.
- Store and transport the container safely to prevent leaks. Do not keep the fill level above the maximum level.
- Keep the product out of the reach of children and protect it from improper use.
- Only use the product for the intended liquids.
- Check the ventilation and the pressure relief valve regularly.
- Avoid contact with oxidising substances.
