

Product Safety Information

Safety container, made of stainless steel

Manufacturer/Responsible Person: asecos GmbH, Weiherfeldsiedlung 16-18, 63584 Gründau, Deutschland

E-Mail: info@asecos.com

Please note the technical data of the products!

Article Numbers: 134749, 134748, 134747

Safety Instructions:

- Caution: Use flammable liquids only for authorised liquids and observe the intended purpose.
- Keep away from heat sources, direct sunlight and ignition sources to minimise the risk of fire.
- Only use at room temperature to avoid overpressurisation. Ensure that the overpressure/vacuum equalisation is working.
- Keep hands and face away from the opening to avoid splashes. After use, ensure that the tap is properly closed & self-closing tap is secured.
- Not suitable for food contact. Store in a cool, dry place.
- Do not overfill the safety dosing canister to prevent overflow. Max. Observe the maximum filling quantity and ensure that the ventilation valve is open.
- Only work with suitable personal protective equipment (gloves, safety goggles).
- Keep the safety container out of the reach of children.
