Safety Instructions:

- Place and fasten securely to prevent tipping over. The product has a height of 1585 mm.
- Only use with the recommended loads; maximum load capacity per shelf is 50 kg. Take care not to exceed this.
- To ensure stability, do not place any heavy objects on the top of the cupboard.
- In the event of transport damage, contact the supplier immediately and initiate appropriate measures.
- Handle the doors slowly and carefully to avoid crushing injuries. Note the reinforced hinged doors.
- Keep the key for the lock in a safe place. The product is lockable and should be kept out of the reach of children.
- Do not operate the product with wet or damp hands to minimise the risk of injury.
- User note: Follow the installation and operating instructions exactly. The product should only be used for its intended purpose.
- Keep the hinges and locks in good condition by lubricating them regularly.
- Regularly check the product for damage or wear. Do not use if damaged and contact the manufacturer.
- Use the product in accordance with the enclosed instructions. Safety information and instructions for use must be provided in an understandable language.
- The filing cabinet should be kept closed and out of the reach of children. Keep away from children, as the product can be dangerous if used incorrectly.
- Keep the filing cabinet stable on a level surface to ensure safety.
- Keep the filing cabinet away from moisture and extreme temperatures to prolong its service life.
- Ensure that the lockable doors close properly to prevent unauthorised access.
- Choking hazard due to improper handling of small parts.
- Risk of injury due to improper use of the door with a door swing-out limiter.
