Article Numbers: 194057, 194056

Safety Instructions:

- Please observe the maximum permissible load of 50 kg per shelf to avoid malfunctions or damage.
- The roller shutter cabinet is delivered assembled; please check your transport routes for accessibility. Before transporting, check the width and height of your entrances to ensure that the roller shutter cabinet will fit through the transport routes.
- Make sure that the cabinet is placed on a stable, level surface to prevent it from tipping over.
- The doors of the cupboard should only be opened and closed using the handles provided to avoid injury.
- The cabinet can be used in confined spaces; make sure there is enough room to move the cabinet safely.
- The interchangeable cylinder lock should always be used with the keys provided to prevent unauthorised access.
- Avoid using the cabinet in damp or extreme environments to prevent rust formation.
