Safety Instructions:

- Maximum load per drawer: 30 kg. Please observe to ensure stability.
- Do not open several drawers at the same time to prevent the cabinet from tipping over.
- Use a cylinder lock with anti-rotation protection to prevent unauthorised access.
- Always set up the cabinet on a stable, level surface; use chocks for stabilisation if necessary.
- Secure the cupboard against falling over, especially if children are present; anchor to the wall if necessary.
- Check the cabinet regularly for damage to ensure safety.
- Use the pull-out stop on the drawers in accordance with the instructions to prevent them from tipping over.
