Safety Instructions:

- The shelf is not suitable for use by children in order to avoid the risk of injury or suffocation. Keep out of the reach of children.
- Ensure that the shelf is not overloaded; the maximum load per shelf is 50 kg. This limit must not be exceeded.
- To avoid falling accidents, the shelf should be securely fastened to the wall and placed on a level, stable surface.
- Careful assembly is required; the instructions should be read before use and all parts fully checked. Improper assembly can lead to tipping over.
- Avoid climbing or standing on the shelf to prevent falls and injuries.
- Be aware of potential hazards when combining with other pieces of furniture.
- Keep the shelf away from moisture, extreme temperatures and direct sunlight to prevent material damage and colour changes.
- Do not use any sharp or pointed objects to avoid damaging the surface.
