E-Mail: info@schaefer-shop.de

Please note the technical data of the products!

Article Numbers: 194162, 194161

Safety Instructions:

- Risk of suffocation due to small parts in the event of improper assembly or an unstable cabinet.
- Risk of injury from crushing, especially when closing the roller shutter.
- Risk of electric shock if electrical components (e.g. lighting) are installed incorrectly.
- Maximum shelf load 50 kg; prevents overloading and tipping over thanks to even weight distribution.
- The roller shutter cabinet should be placed on a stable and level surface to prevent it from tipping over.
- Use of the interchangeable cylinder lock and key included in the scope of delivery to ensure storage security against unauthorised access.
- Regularly check for signs of damage and wear to the cabinet.
