Safety Instructions:

- Choking hazard due to small parts if stored or used improperly.
- Risk of collision when opening and closing the roller shutters unsecured.
- Observe safety precautions when lifting heavy shelves; these can bear loads of up to 50 kg.
- Read the instructions carefully before assembly and follow all steps exactly.
- Child safety: Keep the cupboard closed and secure it to prevent accidents.
- Make sure that the roller shutter cabinet stands on a stable surface to prevent it from tipping over.
- Open and close the door of the roller shutter cabinet carefully to prevent injury.
- Avoid overloading the shelves above the maximum load of 50 kg.
- Do not place the cabinet near heat sources or damp environments to avoid material damage.
- Keep the roller shutter mechanism clean regularly to ensure perfect functioning.
