Article Numbers: 135184, 135183, 135182, 135181, 135180, 135179, 135178, 135177, 135176

Safety Instructions:

- Ensure that there are no sharp edges or corners to avoid injury.
- Adjust the height-adjustable glides correctly to ensure stability.
- Avoid the risk of slipping by using suitable subfloor materials and non-slip glides.
- Observe the installation instructions to avoid accidents due to improper installation and ensure that all connections are tightened.
- Protect the product from moisture, especially in damp rooms, to prevent corrosion of the metal parts.
- Please secure the changing bench against tipping over, especially when used by several people or by children without supervision.
- The bench is optimised for use in damp rooms, but attention must be paid to long-term conditions of use.
- Carry out regular stability and connection checks to minimise safety risks.
- The product is not suitable for use by small children without supervision to avoid the risk of choking on small parts.
- Observe the maximum load to prevent structural damage and ensure stability.
- Follow the instructions for safe use and installation included in the packaging to avoid improper use.
- The bench is only suitable for the intended use; avoid overloading.
- Make sure that there are no loose parts that could cause injury.
- Ensure that the bench is stable to prevent it from tipping over.
- Minimise the risk of slipping on smooth surfaces by taking suitable measures.
- Must not be used in damp environments if they are not designed for this.
