Safety Instructions:

- Avoid placing excessive weight on the bench to prevent it from tipping over. Take care not to load the bench beyond its maximum load-bearing capacity.
- Before use, check that all screws and fastenings are securely tightened and regularly check for stability and damage.
- Ensure that the bench is mounted on a stable and level surface to minimise the risk of tipping.
- Avoid use in extreme weather conditions that could affect material integrity. However, the product is optimised for wet rooms and outdoor areas; ensure a non-slip base in wet conditions.
- Assembly should be carried out by qualified personnel in accordance with the enclosed instructions to ensure stability and safety. Check all parts for transport damage before assembly.
- Keep child-friendly products, such as toys or similar objects, away to minimise the risk of falling. The bench is only suitable for use by adults.
- Do not use the bench as a climbing device.
- Make sure that the bench is not positioned in areas that are difficult to access to prevent falls.
- Sharp edges and corners can cause injuries; take care when using. Be aware of any sharp edges during installation and handle with care.
- Keep the bench away from sources of fire and extreme temperatures.
- Dispose of used materials and packaging responsibly to minimise environmental risks.
- There is a risk of injury if the product is used incorrectly. The product should only be used for its intended purpose.
- Avoid risk of suffocation from loose parts during assembly or use
