Safety Instructions:

- The product is suitable for indoor and protected outdoor use and must be placed on a stable, level surface to prevent tipping.
- Regular inspection for loose screws, connections and damage and regular maintenance recommended to ensure stability and safety.
- Always follow the installation and operating instructions in the manual; use suitable tools to avoid unsafe constructions.
- Observe the maximum load to avoid structural damage and injury; the bench is not suitable for excessive loads.
- Only use the bench in accordance with the manufacturer's instructions and pay attention to the intended use.
- The bench is suitable for use in wet rooms, but attention should be paid to the risk of slipping and anti-slip mats should be used if necessary.
- Keep the bench away from hot surfaces, open flames and extreme temperatures to avoid damage and injuries caused by sharp edges or corners.
- Not suitable for children under 3 years of age. Children should only use it under adult supervision to prevent injury.
- Watch out for sharp objects that could damage the surface; avoid any contact with them.
- Avoid getting objects trapped between your feet and the floor to prevent damage.
- Use height-adjustable glides correctly, check their adjustment regularly to ensure stability.
