Safety Instructions:

- Ensure that the workshop trolley is only filled to the maximum load capacity of 400 kg to guarantee stability.
- When using the product, ensure that it is placed on a firm surface to avoid the risk of it tipping over.
- Always apply the rolling and turning brake when the workshop trolley is stationary to prevent it from rolling away unintentionally.
- When transporting the workshop trolley, ensure that the drawers are properly closed to prevent tools from falling out.
- Only use the product for its intended purpose and in accordance with the manufacturer's instructions.
