Safety Instructions:

- Assembly should only be carried out by a qualified person or adult in order to minimise the risk of falls.
- Ensure that the whiteboard is securely and stably mounted on the wall to prevent it from falling. Only use the screws and wall plugs included in the scope of delivery or suitable ones in accordance with the instructions.
- The fastening materials must be suitable for the wall condition and properly attached.
- Not suitable for children under 3 years. Choking hazard due to small parts.
- Keep the whiteboard and writing utensils away from small children to avoid the risk of swallowing.
- The product is not suitable for outdoor use or contact with the elements to prevent rust and structural damage.
- Do not place near water sources, damp rooms or direct heat sources to prevent electrical risks and material deformation.
- Only use suitable board markers and no sharp objects to avoid damaging the coated surface.
- Do not use aggressive cleaning agents. If necessary, clean the surface with a mild cleaning agent in accordance with the cleaning instructions provided.
- Check regularly for signs of wear or damage and, if damage is detected, discontinue use and inform the manufacturer.
- The product should not be used in direct contact with food.
- Ensure accessibility for all users, especially the elderly and people with disabilities.
