

Product Safety Information

Workshop planner Eichner 9019-00201, single-row, for 10 order pockets

Please note the technical data of the products!

Article Numbers: 165304, 165303, 165302

Safety Instructions:

- The workshop planner must be mounted stably on the wall to prevent it from falling over. Avoid mounting on insecure or unstable surfaces.
- Avoid placing the workshop planner near heat sources or in a damp environment.
- Ensure that the application pockets are not overfilled to minimise the risk of breakage.
- Ensure that the product meets the general safety requirements and follow the installation instructions to avoid injury or safety risks.
- Make sure that instructions and safety information are enclosed clearly and in understandable language.
- The product is not designed for use by children and should be kept out of their reach.
- Consult the enclosed safety instructions when installing the workshop planner.
- Be careful when handling sharp edges during assembly.
- The product is heavy (approx. 12.00 kg); use suitable lifting techniques.
