

Product Safety Information

Workbench series 8000, mobile, lowerable, shelf, width from 750 to 2000 mm

Manufacturer/Responsible Person: RAU GmbH, Im Rohrbach 14 + 16, 72336 Balingen-Frommern, Deutschland

E-Mail: info@rau-gmbh.de

Please note the technical data of the products!

Article Numbers: 156756, 156755, 156754, 156753, 156752

Safety Instructions:

- Observe the maximum surface load of 1250 kg.
- Do not exceed the maximum load capacity of 450 kg with the chassis extended.
- Read and understand the operating instructions before commissioning.
- Attach the bow handle securely and firmly.
- Avoid collisions and accidents while driving.
- Do not use on uneven or steep terrain.
- Observe protective measures in the event of improper use.
- Before use, ensure that the workbench is on a firm surface.
- Avoid moving the workbench on uneven or unstable terrain.
- Use suitable protective gloves to prevent injuries from sharp edges.
- Do not use the workbench for purposes other than its intended use.
- Ensure that the eccentric lever is set correctly.
- Take the necessary precautions when using the lowerable chassis.
- Risk of injury due to improper handling of the castors.
- Work safely: Before lowering, make sure that there are no objects or persons in the danger zone.
- Only use on a level surface to avoid tipping or tipping over.
- Ensure that the product is properly installed and used in a stable manner.
- Use suitable protective equipment for heavy lifting and transport work.
- Check and update safety and warning notices regularly.
- Observe protective measures to avoid the risk of crushing when lowering the chassis.
