Article Numbers: 156761, 156760, 156759, 156758, 156757

Safety Instructions:

- The workbench must be placed on a stable, level surface to prevent capsizing or wobbling.
- Do not exceed the worktop's maximum load capacity of 1250 kg; distribute the load evenly to prevent damage.
- The suspended drawer may only be loaded with a maximum of 50 kg to prevent it from falling out.
- Before use, ensure that all screw connections are firmly tightened and all parts are properly assembled.
- Use the correct lifting technique to avoid injuries when lifting heavy loads.
- Check the workbench regularly for damage or wear.
- Store smaller items securely in the hanging drawer to prevent damage or falling.
- Do not use the workbench as a ladder.
- When used outdoors, pay attention to weather influences to avoid material damage.
- Check and adjust the height-adjustable feet regularly to ensure optimum stability.
- Ensure safe use - do not use as a support or stairs.
- Recommended safety precautions: Wear safety shoes and ensure correct posture.
