Article Numbers: 320453, 320452, 320451, 320450, 320449, 320448, 320447, 320446, 320445

Safety Instructions:

- Use safety shoes with steel toecaps to minimise the risk of foot injuries.
- Technical details: Suitable for industrial applications, not suitable for explosive atmospheres without protection.
- Do not use in extreme temperatures or electrical areas.
- Exercise caution on slippery and smooth surfaces and use a suitable shoe profile.
- Shoes should be checked regularly for wear and visible damage.
- Store the shoes in a dry and cool place to prolong their life.
- Regular inspection of the sole and steel toe cap for wear and damage is required.
- Make sure the shoes fit properly to avoid blisters and discomfort.
- Use suitable socks to ensure comfort and avoid blisters.
- Avoid contact with chemicals and aggressive substances.
- Not suitable for use in extreme weather conditions.
- Only wear the shoes in the intended area of use and avoid uneven terrain.
- Antistatic properties of the shoes do not provide protection for all electrical environments.
- Ensure that shoelaces are used correctly, paying particular attention to the risk of suffocation in children.
