Article Numbers: 320963, 320962, 320961, 320960, 320959, 320958, 320957, 320956, 320955, 320954, 320953, 320952, 320951

Safety Instructions:

- Not suitable for children or keep out of reach to avoid choking hazard.
- Beware of the risk of slipping in wet conditions; avoid use on slippery and wet surfaces.
- Make sure the shoe fits well to avoid blisters and injuries.
- Regularly check the condition of the shoes for damage or wear.
- Only use safety shoes for their intended purpose and avoid unsuitable environments.
- Do not use in explosive or hazardous atmospheres.
- If the shoes are damaged, do not continue to wear them and replace them immediately.
- Suitable for use in industrial environments, but not for extreme temperatures (-20°C or over 40°C) and chemical substances.
- Keep the shoes clean and dry to prolong their life.
- Wear the shoes in accordance with the operating instructions and the safety standards of EN ISO 20345-S3.
- The shoes are equipped with ESD properties for ESD-sensitive areas.
- Avoid wearing them during work that requires additional electrical insulation.
- Wear suitable socks to avoid blisters and excessive perspiration.
