Article Numbers: 156823, 156822

Safety Instructions:

- The workbench must be placed on a stable, level surface to prevent it from tipping over.
- Use the locks/brakes on the swivel castors to prevent unintentional rolling away during use.
- Avoid overloading the drawers; maximum 100 kg per drawer.
- Keep the work surface clear of obstacles to prevent falls and injuries.
- Check that the central door locking system is working properly to ensure the safety of the stored goods.
- Only use the workbench for its intended purpose and do not use it as a ladder.
- Do not exceed the maximum surface load of 450 kg; ensure even load distribution.
- Before using the drawers, make sure that there are no protruding objects in the drawer pull-out.
