Article Numbers: 156825, 156824

Safety Instructions:

- Before use, ensure that the workbench is stable and placed on a level surface.
- Observe the maximum surface load of 1250 kg, especially when the chassis is extended (450 kg).
- Do not load drawers above the recommended load capacity of 50 kg or 100 kg to avoid tipping.
- When fitting accessories or additional parts, ensure that safety is not impaired.
- Be aware of the risk of crushing and personal injury, especially with lowerable workbenches.
- Keep the key for the central locking system in a safe place to prevent unauthorised access.
- Before use, check the drawers for stability and safe handling.
- Do not use the workbench near water sources to prevent electrical risks.
- Keep out of the reach of children to avoid the risk of injury.
- Be careful with moving parts, such as castors, to avoid crushing.
