### Safety Instructions:

- The workbench may only be used on stable, level surfaces to prevent it from tipping over.
- The drawers can only be loaded up to 100 kg, avoid overloading.
- The workbench is only suitable for the intended commercial use. Not for home use.
- Only use the adjustable shelves in accordance with the permissible load.
- The workbench should be checked regularly for stability and tight closures to minimise the risk of breathing injuries, falls or crushing.
- When using the mobile workbench, ensure that the castor brakes are activated to prevent unintentional rolling away.
- Observe the maximum load capacity of 450 kg.
- Drawers can only be loaded up to 100 kg, avoid overloading.
- The hinges of the doors are self-closing, attention when closing.
- The environmentally friendly powder coating can create unsafe edges if damaged.
- The use of protective clothing is recommended to avoid injury.
