Article Numbers: 156835, 156834

Safety Instructions:

- Read the operating instructions carefully before use.
- Observe and do not exceed the maximum surface load of 450 kg.
- The workbench must be used on a stable and level surface.
- Lock the castors before use to prevent them from rolling away.
- Do not overload drawers and make sure that not too many drawers are open at the same time to prevent the workbench from tipping over.
- Warning: Observe finger protection when closing the drawers.
- Child safety: The workbench is not suitable for children under the age of 14.
- Keep small parts such as central locking keys out of the reach of children to avoid the risk of suffocation.
- Check the locking mechanisms of the castors regularly to ensure that they are in good working order.
- If the bow handle is installed incorrectly, ensure that it is attached correctly to avoid injury.
