Safety Instructions:

- Check the stability of the workbench before use.
- The workbench is designed for a maximum weight of 1250 kg. Do not exceed this load.
- Only use the trolley function when the tool is parked.
- Ensure that no loose parts or tools are present during transport.
- Regularly check that the castors and mechanism are in good working order.
- Secure the workbench during use to prevent it from slipping.
- Keep the keys for the central locking system in a safe place.
- The drawers must not be overloaded; each drawer has a maximum load capacity of 100 kg.
- Avoid using or storing the workbench in a damp environment.
