Article Numbers: 320506, 320505, 320504, 320503, 320502, 320501, 320500, 320499

Safety Instructions:

- Use the footwear in accordance with EN ISO standards and only for the intended purpose.
- Do not use at extreme temperatures or in humid environments to maintain structure and functionality.
- Carry out regular inspections for wear or damage and do not use if damaged.
- The shoes should fit correctly to avoid injuries.
- Ensure that the ESD functionality is observed in electrostatic areas.
- The steel toe cap offers protection against impacts up to 200 J and crushing up to 1500 daN.
- The product is not suitable for use in areas with chemical or structural hazards.
- Keep the shoes clean and maintain them regularly to preserve their properties.
- Suitable for professional use only and should not be used as sole protection in sensitive working environments.
- Observe the manufacturer's safety information and instructions for use.
